The personalised store

C!Print Madrid will open its doors from the 6th to the 8th of October 2015! This will be the perfect opportunity to discover the must-attend event for **visual communication** professionals. This event is particularly focused on: **layout concepts** for **points of sale**, **personalisation** and **interior decoration**.

Seen at C!Print Madrid 2014:

Just as when you fix up your home... a simple store can also be personalised in a snap of your fingers by reattaching a printed textile, such as one from Jet-tex, to different surfaces.

Visit C!Print Madrid 2015 on October 6th, 7th, 8th to discover the latest in decoration!
